FALL 2021

COURSES

First-Year Experience Seminar

UGST 109

1 credit

Evolutionary Medicine

ANTH 175

Core Education Science (>3)

4 credits

Cluster FIG

This FIG gives you the opportunity to choose a third course from a group of possible classes. See the options at the right.

CALENDAR

First FIG Meeting

You will get to meet your FIG classmates, FIG Assistant (FA), and Faculty before classes start!

Check your FIG page in September to find out more details.

ACADEMIC TEAM

First-Year Experience Seminar Professor

Josh Snodgrass
Professor of Anthropology
jjosh@uoregon.edu

FIG Assistant

Rosa Taylor
rosat@uoregon.edu

ABOUT THIS FIG

FYE Seminar

This FIG introduces evolutionary medicine, an interdisciplinary field that integrates approaches from evolutionary biology, biomedicine, nutritional sciences, epidemiology, and psychology with the ultimate goal of influencing clinical practice and public health policy. The field applies evolutionary principles and knowledge of human evolutionary history to understand human susceptibility to disease and to examine how environmental and social factors shape health and well-being. This year's Paging Dr. Darwin FIG will examine the topic of emerging infectious diseases and pandemics, with particular attention to COVID-19 using an evolutionary lens.

Evolutionary Medicine

This is a science group satisfying course that is designed to be a comprehensive introduction to evolutionary, or Darwinian, medicine. In brief, evolutionary medicine is the application of evolutionary thinking, including evolutionary processes and human evolutionary history, to understanding health and disease among contemporary human populations. This course uses a scientific approach, drawing on the methods, theories, and bodies of knowledge from various scientific disciplines, including evolutionary biology, genetics, neuroscience, physiology, nutritional sciences, and medicine.

Cluster FIG: Second Course Options

BI 121: Introduction to Human Physiology
PS 205: Introduction to International Relations
CHEM 111: Introduction to Chemical Principles
CHEM 221: General Chemistry I

NEXT STEPS

After you're registered for your FIG, you will want to check out the Meet Your FIG page (<https://fyp.uoregon.edu/fall-2021-figs>). This page will have everything you need to know before the beginning of fall term, including how to email your FIG Assistant, your summer assignment, and when you will be meeting your FIG for the first time in September. In order to prepare for your coursework and be notified about important academic deadlines you will want to download the "Canvas" and "Navigate" apps to your devices. Also, be sure to visit the FYE Community page in September, which has all the resources you'll need to achieve success in your first-year (<https://fyp.uoregon.edu/community>). If you have questions about anything, make sure you email your FIG Assistant – they are here to help!
