## About the FIG:

Swahili is the biggest [and fastest growing] lingua franca in East, Central & Southern Africa. This FIG takes you on a journey [Swahili: safari] of contemporary issues affecting Africa through the lens of the Swahili language, Culture & Peoples. Through Swahili 101 & Global Studies, students get to interrogate issues like development, lingering effects of colonialism, climate change and the breath-taking culture of the Swahili Nation [food, music, material culture]. Students will experience the behind-the-scenes of Africa and answer questions like: What is a day like in Africa? What is the worldview of the Swahili Nation and what do they consider development? Before the end of the program, students get to cook and savor a delicious Swahili dish with native Swahili speakers in the community. Karibuni!
