

FIG Guide

Get the most out of your time at the university by joining a First-Year Interest Group (FIG) during fall term. FIGs bring groups of 20 freshmen together for a unique academic experience. FIG students take three courses together during fall term: two lecture courses and a 1-credit College Connections course.

FIGs are all about making connections! In a FIG, freshmen:

- Connect with faculty
- Connect with an undergraduate mentor
- Connect academic courses from different disciplines
- Connect with an academic theme
- Connect with peers
- Connect with campus and the Eugene community
-

The FIG Guide will help you explore your FIG options. For fall 2018 we have over 50 FIGs – something for everyone!

Table of Contents

FIG Theme Categories	2-4
ConFIGurations	5-11
Chemistry FIGs Enrollment, Prerequisites & Corequisites.....	12
Challenge FIGs	12
Cluster FIGs	13
Reacting to the Past FIGs	13
Carnegie Global Oregon FIG	14
Clark Honors College Students	14

Students in the Speak Your Mind FIG spend time in the UO Brain Development lab with Professor Charlotte Vaughn

Theme Categories - Description - FIG List

While each FIG is distinct (with different course pairings and academic topics), FIGs are grouped together by overarching themes into seven categories. Find themes below that interest you, and then start exploring your FIG options!

Art of Storytelling

Make sense of the world around us through stories and art

Comics and Personal Storytelling
Finding Your Voice
Music in World Culture: Africa (CHALLENGE)
Night Out: Eugene Theater
Our Storied Past
Remixing Media, Critiquing Culture
Stories We Tell
Thinking Images (CHALLENGE)
War and Peace

Becoming Human

Discover our humanity through science

Animal Behavior
Human Genome
Humans: An Origin Story
Speak Your Mind
The Far Side

Breaking Barriers

Investigate how different perspectives shape communities

Breaking the Wall

Face to Face

He, She, Xe, They: Gender and Power

Human Hierarchies

Media Mirror

(Re)defining Gender?

Students without Borders (CLUSTER)

Tomato, Tomäto

Culture in Review

Examine cultures and subcultures through a discerning lens

Education Revolution

Enduring Tensions

Hidden History

Hip Hop & Politics of Race (CHALLENGE)

Human Possibilities

Just Futures

Justice Matters (CHALLENGE)

Pass the Mic (CHALLENGE)

Social Progress, Social Change

Twelve Bars from Freedom (CHALLENGE)

Going Green

Delve in to how we affect the environment and how it affects us

Chemistry in Nature

Chemistry of Sustainability

Edible History

Food and the Garden

Food Matters

Oregon Outside

Science for Social Change (CHALLENGE)

Passport to World Cultures

Explore a region and start on your path to studying abroad

Annabi 'Arabi!

Bella Italia!

Carnegie Global Oregon (CHALLENGE) (ARC)

Development Safari

From Cuauhtémoc to Cumbia (CLUSTER)

Gurus and Governors

International Outlook

Modern Families

Science and Society

Solve problems and make an impact on the world through science

Making Sense of Numbers

Mapping without Borders

Risky Business

Rock 'n' Physics

Science in the News

Startups from the Ground Up

The Secrets to Success in STEM

FIG ConFIGurations

(alphabetical order)

In the ConFIGurations section, the FIGs are listed alphabetically and show all of the courses that make up the FIG.

Animal Behavior

ANTH 171 Introduction to Monkeys and Apes

BI 132 Introduction to Animal Behavior

ANTH 199 College Connections

Annabi 'Arabi!

ARB 101 First Year Arabic

REL 233 Introduction to Islam

ARB 199 College Connections

Bella Italia!

ITAL 101 First Year Italian

ITAL 150 Cultural Legacies of Italy

ITAL 199 College Connections

Breaking the Wall

GER 221 Postwar Germany: Nation Divided

SOC 204 Introduction to Sociology

GER 199 College Connections

*Chemistry FIGs Registration information, course prerequisites and corequisites

For CH 221 General Chemistry: Prerequisite: high school chemistry; prerequisite or corequisite: MATH 111. Concurrent CH 227 or 237 is recommended. For CH 111 Introduction to Chemical Principles: Prerequisite: Math 095.

Chemistry FIG enrollment will not take place online through Duckweb. Instead, you can join a chemistry FIG at IntroDUCKtion, after you have met with an advisor. **Remember to take your math placement test before coming to IntroDUCKtion. Your advisor will use the test score to help you select the right chemistry track.**

Chemistry FIGs - LIST

Chemistry in Nature
Chemistry of Sustainability
Human Genome
Making Sense of Numbers
Science for Social Change (CHALLENGE)
Science in the News
The Secrets to Success in STEM

Challenge FIGs

CHALLENGE FIGs give students a distinct academic experience because one of the courses in each challenge FIG is at the intermediate 300 level. They are smaller than the courses in many of the other FIGs, and are intended to encourage students to explore subjects in depth.

Challenge FIGs - LIST

Carnegie Global Oregon (CHALLENGE) (ARC)
Hip Hop & Politics of Race (CHALLENGE)
Justice Matters (CHALLENGE)
Music in World Culture: Africa (CHALLENGE)
Pass the MIC (CHALLENGE)
Science for Social Change (CHALLENGE)
Thinking Images (CHALLENGE)
Twelve Bars from Freedom (CHALLENGE)

Cluster FIGs

Cluster FIGs consist of only one required general education course. A secondary 4-5 credit course is required, but students will choose one from a list of options. (Students are responsible for enrolling themselves in the course they select through Duckweb.)

Cluster FIGs - LIST

From Cuauhtémoc to Cumbia

Course options – Portuguese Language (**PORT 101** or **201**), **PORT 301** Expressoes Artisticas, Spanish Language (**SPAN 101, 201**), **SPAN 150** Culture of the Spanish Speaking World (taught in English); **SPAN 218** Latino Heritage; **SPAN 238** Spanish Around the World; **SPAN 305** Cambios Sociales; **SPAN 308** Comunidades Bilingues

Students without Borders

Course options - **INTL 340** Global Health and Development, **BI 121** Intro to Human Physiology, **PS 205** Introduction to International Relations, **HYPY 212** Evidence, Inference, and Biostatistics

Reacting to the Past FIGs

Reacting to the Past courses consist of elaborate role playing games, set in specific historical time periods. The course instructor will act as the gamemaster, determining student roles, preparing students to play, and occasionally guiding the games as they develop. Students learn to construct arguments from historical texts and then support positions through writing and speeches. Small class size. Credits count toward the general education social science group requirement.

Reacting to the Past FIGs - LIST

Enduring Tensions

Gurus and Governors

Hidden History

What is unique about Carnegie Global Oregon?

The Carnegie Global Oregon Challenge FIG is the only FIG that continues for three terms, and is also the only FIG that is an **Academic Residential Community (ARC)**. Students in an ARC live together in the residence halls. ARC selection will supersede your housing preferences for special-interest halls and room types. **For more information, and instructions on how to apply to be a part of this FIG, visit housing.uoregon.edu/academics**

After the fall FIG courses, students enroll in 1-credit seminars in winter and spring to continue exploring the CGO theme. The majority of CGO students remain active in this vibrant learning community throughout their years at the university. This provides a supportive mix for sophomores, juniors, and seniors who meet weekly for class and a meal to explore areas of ethical concern. For more information, visit carnegieglobal.uoregon.edu

Clark Honors College Students

To avoid duplicating course work, honors college students may enroll in only one FIG in May during Advanced Registration on Duckweb. This FIG is called Carnegie Global Oregon, and is open to students interested in ethics. If you are planning to major in biology, chemistry, or human physiology and are interested in joining a FIG, we encourage you to see us at IntroDUCKtion.
