FIG Guide

Get the most out of your time at the university by joining a First-Year Interest Group (FIG) during fall term. FIGs bring groups of 20 freshmen together for a unique academic experience. FIG students take three courses together during fall term: two lecture courses and a 1-credit College Connections course.

FIGs are all about making connections! In a FIG, freshmen:

- Connect with faculty
- Connect with an undergraduate mentor
- Connect academic courses from different disciplines
- Connect with an academic theme
- Connect with peers
- Connect with campus and the Eugene community

The FIG Guide will help you explore your FIG options. For fall 2020 we have over 50 FIGs – something for everyone!

Table of Contents

FIG Theme Categories ......................... 2-4
ConFIGurations .................................... 4-10
Chemistry FIGs Enrollment, Prerequisites & Corequisites............................................. 11
DEEP-DIVE FIGs ..................................... 11
Cluster FIGs .......................................... 12
Reacting to the Past FIGs ..................... 12
FIG Runways ........................................ 12
Carnegie Global Oregon FIG ............. 13
Clark Honors College Students .......... 13

Students in the Speak Your Mind FIG spend time in the UO Brain Development lab with Professor Charlotte Vaughn.

Students in the Edible Activism FIG volunteer at the Huerto de la Familia community garden in Eugene.

Students in the Human Hierarchies FIG display their final project at the FIGposium.

FIGposium
Theme Categories - Description - FIG List

While each FIG is distinct (with different course pairings and academic topics), FIGs are grouped together by overarching themes into 7 categories. Find themes below that interest you, and start exploring your options!

Art of Storytelling
Make sense of the world around us through stories and art
From War to Peace
In Search of Belonging: Storytelling and Community
My Visual Story
Pass the MIC (DEEP-DIVE)
Remixing Media, ©ritiquing ©ulture (DEEP-DIVE)
Speak for Yourself!
Stories We Tell
Visual Narrative: Manga to American Comics

Becoming Human
Discover our humanity through science
Animal Behavior (DEEP-DIVE)
Human Genome (DEEP-DIVE)
Oregon Outside (DEEP-DIVE)
Paging Dr. Darwin (CLUSTER)
Speak Your Mind
The Human Animal
What Makes for a Healthy Start? (FIG RUNWAY)

Breaking Barriers
Investigate how different perspectives shape communities
Beyond the Bars
Breaking the Wall
Brilliant Imperfections (DEEP-DIVE)
Face to Face
Human Hierarchies
Media Mirror
Radicals and Reformers
Students without Borders (CLUSTER)
This is Me
Tomato, Tomàto
Your Vote: What Matters?
Culture in Review
Examine cultures and subcultures through a discerning lens
Edible Activism (DEEP-DIVE)
Education Revolution (cancelled for fall 2020)
Enduring Tensions
Hidden History
Hip Hop & Politics of Race (DEEP-DIVE)
Just Futures
Justice Matters
Social Progress, Social Change
Up in Your Business (cancelled for fall 2020)
Who’s Allowed In

Going Green
Delve in to how we affect the environment and how it affects us
Analyzing Our Environment
Edible History (DEEP-DIVE)
Environmental Design (DEEP-DIVE)
Food and the Garden (DEEP-DIVE)
Food Matters (DEEP-DIVE)
Human Fragility
Planning for the Planet

Path to Global Citizenship
Explore world cultures and expand your boundaries
Aquí se Habla Spanglish
Bella Italia!
Carnegie Global Oregon (FIG RUNWAY and ARC)
Development Safari
Gurus and Governors
Speak to the World (CLUSTER)
The Asian Lens
Science and Society
Solve problems and make an impact on the world through science
A Trip Down Memory Lane (DEEP-DIVE)
Coffee: Chemistry and Culture
Rock ‘n’ Physics (cancelled for fall 2020)
Science in the News
Startups from the Ground Up
The Problem with Problems
The Secrets to Success in STEM

FIG ConFIgurations
(alphabetical order)

In the ConFIgurations section, the FIGs are listed alphabetically and show all of the courses that make up the FIG.

DEEP-DIVE
A Trip Down Memory Lane
ERTH 306 Volcanoes & Earthquake
ANTH 163 Origins of Storytelling
ERTH 199 College Connections

Analyzing Our Environment
CIS 122 Introduction to Programming and Problem Solving
ENVS 202 Introduction to Environmental Science: Natural Science
CIS 199 College Connections

DEEP-DIVE
Animal Behavior
ANTH 171 Introduction to Monkeys and Apes
BI 132 Introduction to Animal Behavior
ANTH 199 College Connections

Aquí se Habla Spanglish
SPAN 101 First Year Spanish
LING 199 How to Learn Language
SPAN 199 College Connections

Bella Italia!

PS 106  Power, Politics, and Inequality
HIST 199  College Connections

**Chemistry FIGs**  Registration information, course prerequisites and corequisites

For CH 221 General Chemistry: Prerequisite: high school chemistry; prerequisite or corequisite: C- or better in MATH 111, MATH 112. Concurrent CH 227 or 237 is recommended. For CH 111 Introduction to Chemical Principles: prerequisite or corequisite: MATH 111.

Chemistry FIG enrollment will not take place online through Duckweb. Instead, you can join a chemistry FIG at IntroDUCKtion, after you have met with an advisor. **Remember to take your math placement test before coming to IntroDUCKtion. Your advisor will use the test score to help you select the right chemistry track.**

**Chemistry FIGs - LIST**
Coffee: Chemistry and Culture
Human Genome (DEEP-DIVE)
The Problem with Problems
Science in the News
The Secrets to Success in STEM
What Makes for a Healthy Start? (FIG Runway)
DEEP-DIVE FIGs

DEEP-DIVE FIGs give students a distinct academic experience because they create an immersive learning environment. Some of the DEEP-DIVE FIGs have an intermediate course (which may include 300 level), which are smaller than the courses in many of the other FIGs, and are intended to encourage students to explore subjects in depth. Other DEEP-DIVE FIGs have projects, student groups, performances and more that allow students to really dive deep into subject matter.

DEEP DIVE FIGs - LIST

A Trip Down Memory Lane (DEEP-DIVE)
Animal Behavior (DEEP-DIVE)
Brilliant Imperfection (DEEP-DIVE)
Edible Activism (DEEP-DIVE)
Edible History (DEEP-DIVE)
Environmental Design (DEEP-DIVE)
Food & the Garden (DEEP-DIVE)
Food Matters (DEEP-DIVE)
Hip Hop & Politics of Race (DEEP-DIVE)
Human Genome (DEEP-DIVE)
Oregon Outside (DEEP-DIVE)
Pass the MIC (DEEP-DIVE)
Remixing Media, ©ritiquing ©ulture (DEEP-DIVE)

Cluster FIGs

Cluster FIGs consist of only one co-enrolled general education course. A secondary 4-5 credit course is required, but students will choose one from a list of options. (Students are responsible for enrolling themselves in the course they select through Duckweb.)

Cluster FIGs - LIST

Paging Dr. Darwin
   Course options - BI 121 Intro to Human Physiology, PS 205 Introduction to International Relations, GEOG 142 Human Geography, WGS 221 Bodies and Power

Students Without Borders
   Course options – BI 121 Intro to Human Physiology, PS 205 Introduction to International Relations, GEOG 142 Human Geography, GEOG 341 Population and Environment, WGS 221 Bodies and Power

Speak to the World
   Course options – Any first-year language course
Reacting to the Past FIGs

Reacting to the Past courses consist of elaborate role-playing games, set in specific historical time periods. The course instructor will act as the gamemaster, determining student roles, preparing students to play, and occasionally guiding the games as they develop. Students learn to construct arguments from historical texts and then support positions through writing and speeches. Small class size. Credits count toward the general education social science group requirement.

Reacting to the Past FIGs - LIST

Enduring Tensions  
Gurus and Governors  
Hidden History  
Radicals and Reformers

FIG Runways

FIG Runways will begin as a FIG in the fall and continue in winter and spring terms. Each FIG Runway will include a faculty member and a mentor called the FIG Assistant (FA).

FIG Runways – LIST

What Makes for a Healthy Start?
Carnegie Global Oregon

What is unique about Carnegie Global Oregon?

Carnegie Global Oregon is a FIG Runway, in which you take a year-long seminar with the same professor and peers. After the fall FIG courses, students enroll in 1-credit seminars in winter and spring to continue exploring the CGO theme. The majority of CGO students remain active in this vibrant learning community throughout their years at the university. This provides a supportive mix for sophomores, juniors, and seniors who meet weekly for class and a meal to explore areas of ethical concern. For more information, visit carnegieglobal.uoregon.edu

Clark Honors College Students

To avoid the potential for duplicating course work, Honors College students may not enroll in FIGs in May during Advanced Registration on Duckweb. At IntroDUCKtion, Honors College students can enroll in Carnegie Global Oregon, for students interested in ethics. If you are planning to major in biology, chemistry, or human physiology and are interested in joining a FIG, we encourage you to see us at IntroDUCKtion. (Some spaces will be open at each IntroDUCKtion session.)
