

# Human Genome 1

fyp.uoregon.edu

FALL 2020

## COURSES

### College Connections

CH 199

1 credit

### General Chemistry

CH 221 - WEB Course

Core Education Science (>3)

4 credits

### General Chemistry Lab

CH 227

2 credits

## CALENDAR

### First FIG Meeting

You will get to meet your FIG classmates, FIG Assistant (FA), and Faculty before classes start!

Check your FIG page in September to find out more details.

## ACADEMIC TEAM

### College Connections Professor

Leslie Coonrod

Lecturer & Associate Director of Knight Campus Internship Program  
[coonrod@uoregon.edu](mailto:coonrod@uoregon.edu)

### FIG Assistant

Lily Mozipo

[emozipo@uoregon.edu](mailto:emozipo@uoregon.edu)

## ABOUT THIS FIG

### College Connections

The ideas covered in this FIG help to bridge the gap between research going on in the science world and the events that occur in our daily lives, with a focus on the explosion of research in genomics since the completion of the Human Genome Project.

### General Chemistry

Chemistry is the study of matter and the changes that it undergoes. It is a science that is central to our understanding of the natural world and it serves as a foundation for all other scientific disciplines. The General Chemistry sequence, beginning with CH 221, is designed for science majors and pre-professional students, and provides an introduction to the experimental and theoretical foundations of chemistry. Students will gain factual knowledge about the terminology and language of chemistry as well as an understanding of the underlying reasons why chemical processes occur. They will be expected to interpret, reason and problem solve using fundamental chemical principles.

### General Chemistry Lab

Introduces chemistry laboratory techniques, including volume and mass measurement, use of the pipette and burette, and gravimetric thermochemical measurements. Required for students in the natural sciences or for those preparing to enter one of the medical sciences.

## NEXT STEPS

After you're registered for your FIG, you will want to check out the Meet Your FIG page (<https://fyp.uoregon.edu/fall-2020-figs>). This page will have everything you need to know before the beginning of fall term, including how to email your FIG Assistant, if you have a summer assignment, and when you will be meeting your FIG for the first time in September. In order to prepare for your coursework and be notified about important academic deadlines you will want to download the "Canvas" and "Navigate" apps to your phone or any device you will be using. If you have questions about anything, make sure you email your FIG Assistant – they are here to help!
